LinkedIn · Yale profile

Yale University Program Manager and clinician-trained public-health professional with 7+ years of experience across healthcare, public health, and research operations. MPH graduate with a 3.96 GPA, experience managing approximately \$4.5M in major research grants, coordinating multidisciplinary teams, overseeing budgets and subawards, and tracking milestones, deliverables, and grant reporting. Leads a 6-person research team and has improved workflow efficiency by 25–30% through standardized research processes and documentation.

PROFESSIONAL EXPERIENCE

Program Manager

Nov 2024–Present

Yale University · Emergency Medicine · Fodeh Lab

- Directs day-to-day research operations across two grant-funded initiatives totaling approximately \$4.5M.
- Coordinates timelines, deliverables, budgets, data workflows, collaborators, NIH RPPR reporting, and PCORI progress reporting.
- Coordinates multidisciplinary collaborations across Yale, Cleveland Clinic, Veterans Health Administration, and Texas Association of Charitable Clinics.
- Supervises a 6-person core research team of five postdoctoral researchers and one research associate, plus interns and PhD rotation students.
- Developed annotation manuals, codebooks, ontologies, and metadata processes; improved annotation and documentation workflows by 25–30%.
- Coauthored six peer-reviewed and preprint publications and facilitates Community Advisory Board engagement.

Administrative Assistant

Oct 2024–Jan 2025

Quality Staffing Home Care Agency

- Processed bi-weekly payroll for 50+ staff and maintained client and employee records in AxisCare and Alora.
- Supported scheduling, credentialing, correspondence, document preparation, marketing materials, licensing, and grant-application documentation.

Health & Recreation Service Administrator

Mar 2023–May 2024

David A. Beckerman Recreation Center

- Improved customer satisfaction by 25%; directed facility operations and event setups with 100% accuracy.
- Recruited and trained staff, raising team efficiency by 30%; named Employee of the Year in 2024.

Public Health Research Intern

Jun–Aug 2023

Connecticut Department of Public Health · Office of Health Equity

- Revamped the Office of Health Equity website and assessed agency alignment with race, ethnicity, and language standards under Public Act 21-35.
- Developed standardized data collection procedures and MS Forms-based assessment workflows.

Quality & Compliance Analyst

Dec 2021–Aug 2022

Vasta Bioinformatics Pvt. Ltd.

- Audited gastrointestinal cancer research cases with Dana-Farber Cancer Institute and provided feedback within 24 hours.
- Implemented corrective action plans and retraining sessions to improve data accuracy and staff performance.

Public Health Physician

Aug 2020–Dec 2021

NESCO Jumbo COVID Center

- Conducted patient rounds, monitored vitals, radiography, EKGs, and laboratory results, and administered medication.
- Executed emergency procedures including CPR and catheterization and maintained precise patient documentation.

Clinical Operations Lead

Inventurus Knowledge Solutions Pvt. Ltd.

- Transcribed physician–patient interactions into EHR systems and managed case allocation and daily Excel tracking.
- Designed training that reduced onboarding time by 30% and improved customer satisfaction by 20%.

Clinical Intern & Health Policy Trainee

St. George's Hospital & Podar Hospital

- Performed suturing, wound dressing, and minor-fracture care while drafting emergency police records for critical cases.
- Completed rotations in Medicine, Surgery, Ob-Gyn, Ophthalmology, Pediatrics, and Panchakarma.

Apr 2019–Aug 2020

Mar 2018–Mar 2019

EDUCATION

Master of Public Health
University of New Haven · 2022–2024
GPA 3.96 · Global Health certificate

Bachelor of Ayurvedic Medicine & Surgery
R. A. Podar Medical College · 2017–2019
1st rank · 70.27%

CERTIFICATIONS & SERVICE

Good Clinical Practice · NIDA · Valid through Aug 2027
Emergency Management · FEMA
Recovery Service Associate · American Red Cross · 2022–2024
Student Advisory Board · University of New Haven

RESEARCH

EPPCMinerBen — A novel benchmark for evaluating large language models on electronic patient–provider communication via the patient portal. Artificial Intelligence in Medicine, 2026.

PVminer — A domain-specific tool to detect the patient voice in patient-generated data. arXiv:2602.21165, 2026.

PVminerLLM — Structured extraction of patient voice from patient-generated text using large language models. arXiv:2603.05776, 2026.

TAB-PO — Preference optimization with a token-level adaptive barrier for token-critical structured generation. arXiv:2603.00025, 2026.

STaR-DRO — Stateful Tsallis reweighting for group-robust structured prediction. arXiv:2604.09737, 2026.

EPPC-OASIS — Ontology-aware adaptation and structured inference refinement for electronic patient-provider communication mining. 2026.

PVminerLLM2 — Improving structured extraction of patient voice via preference optimization. arXiv:2606.16074, 2026.

CAPABILITIES

Research: Epidemiology, statistics, data visualization, collection, quality control	Technology: R, Power BI, REDCap, EPIC, EHR systems, MS Forms
Operations: Program management, workflow design, team leadership, stakeholder coordination	Clinical: Vital monitoring, blood collection, IV administration, emergency procedures
